

There are 4 emotions presented: Happy, Sad, Angry, Afraid and they are expressed in songs, words, or faces.

There are 4 songs for each emotion

There is one male and one female face for each emotion and every face should be paired with every song once. This will mean there are 8 face trials per song and 8 word trials per song. This means 16 trials per song. There are 4 songs per category so there will be 64 trials for each emotion over 4 emotions equating to 256 trials
